

**GENERAL ADMINISTRATIVE ORDER NO. 1991-3
OF THE
INDIANA UTILITY REGULATORY COMMISSION**

WHEREAS, the Indiana Utility Regulatory Commission is a public agency of the State of Indiana charged by statute with the regulation and supervision of utility rates in Indiana, and

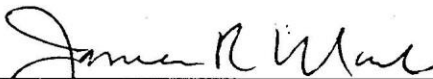

WHEREAS, the Commission is authorized by I.C. 8-1-2-42(g) to permit changes in a gas utility's rates, tolls, and charges based upon changes in the utility's cost of gas, and has implemented gas cost adjustment procedures through its Order in Cause No. 37091, and

WHEREAS, the Commission believes it should be more knowledgeable, and the public should be fully informed about the effects the proposed gas cost adjustment factor will have upon the reasonable cost of the utility service, and

WHEREAS, the Commission believes that comparing the proposed gas cost factor with both the factor in effect during a period of comparable weather in the previous year as well as with the current factor will promote better public understanding,

NOW, THEREFORE, BE IT RESOLVED AND ORDERED that the Indiana Utility Regulatory Commission, in order to fulfill its lawful obligations, and in order to serve the public interest, hereby adopts the Filing Procedures and Guidelines for the Gas Cost Adjustment Bill Comparisons, attached hereto as Appendix A, made a part hereof and incorporated by reference.

BE IT FURTHER RESOLVED that this General Administrative Order is effective immediately.

James R. Monk, Chairman

Vicky A. Bailey, Commissioner

Frederick L. Corban, Commissioner

G. Richard Klein, Commissioner

David E. Ziegner, Commissioner

Date:

JUN 26 1991

I hereby certify that the above is a true and correct copy of the Order as approved.

APPENDIX A

Filing Procedures and Guidelines for the Gas Cost Adjustment (GCA) Bill Comparisons.

Every gas utility that files a petition for a change in its Gas Cost Adjustment as prescribed by the Indiana Utility Regulatory Commission pursuant to I.C. 8-1-2-42(g), shall file with such petition a table comparing the bill effects on its residential space-heating customers of:

- 1) Its requested GCA factor versus its currently approved factor and,
- 2) Its requested GCA factor versus the GCA factor approved for the same period one year prior.

Additionally, any revisions by the utility filed subsequent to the original filing, reflecting a change to the proposed GCA factor applicable to space-heating customers, shall also include the bill comparisons. The utility shall also indicate on the bill comparisons if base rates have changed between the effective period of the "proposed" and "current" or "prior year" GCA factor.

The Office of the Utility Consumer Counselor (OUCC) shall also submit bill comparisons when it proposes a different GCA factor for the residential space-heating gas customers than the utility.

Bill comparison tables should take the form set forth on page 2.

APPENDIX A

TABLE NO. 1

Effects of
Proposed* v. Currently Approved GCA Factor
For Residential Space-heating Customers

<u>Consumption Mcf or Dth</u>	<u>Bill At Proposed GCA Factor</u>	<u>Bill At Currently Approved GCA Factor</u>	<u>Dollar Increase (Decrease)</u>	<u>Percent Change</u>
5	_____	_____	_____	_____
10	_____	_____	_____	_____
15	_____	_____	_____	_____
20	_____	_____	_____	_____
25	_____	_____	_____	_____

TABLE NO. 2

Effects of
Proposed* v. Prior Year Approved GCA Factor
For Residential Space-heating Customers

<u>Consumption Mcf or Dth</u>	<u>Bill At Proposed GCA Factor</u>	<u>Bill At Prior Year Approved GCA Factor</u>	<u>Dollar Increase (Decrease)</u>	<u>Percent Change</u>
5	_____	_____	_____	_____
10	_____	_____	_____	_____
15	_____	_____	_____	_____
20	_____	_____	_____	_____
25	_____	_____	_____	_____

* If base rates have changed between "proposed" and "current" or "prior year", so indicate.
